

Results on the Consultation: Competence Profile of EU project managers!

The ComPM partnership wishes to thank to all project managers that answered to the call for consultation and helped on the definition of the Competence Profile. More than 500 project managers from Belgium, Italy, Poland, Portugal and Slovenia participated in this activity by answering to a self-evaluation questionnaire. The final version of the Competence Profile of EU project manager which is the result of the standardization procedure, statistical and psychometrical analysis can be consulted [here](#).

The norms and standards for every competence and project country are ready too.

ComPM Training Programme!

The partners have decided on the ComPM Training Programme aiming at supporting EU project managers in enhancing those competencies defined in the Competence Profile of EU project manager.

The programme is composed of six modules:

1) Project framework; 2) Project planning; 3) Financial management; 4) Project marketing; 5) Project monitoring and evaluation; and 6) Supporting skills.

4th Partners Meeting in Ljubljana!

ComPM partners met in Ljubljana, Slovenia, on the 11-12 April 2013 for the fourth meeting of the project. Hosted by GEA College, this meeting focused on the programme contents and the structure for the training sessions addressing project managers to be held in all partner countries. This meeting was also an opportunity for partners assessing the achievements of the first year of the project and to decide on future actions.
